

**What suits you?**

- Do you have a keen commercial sense to spot market signals and translate them into campaigns that match customer needs?
  - Are you ready to take on the challenge of developing marketing strategies in an inspiring telecom environment, and do you enjoy organizing AI co-creation sessions for various industries?
  - Do you feel completely at home when it comes to social media and maintaining customer contacts through the various communication channels we use for our campaigns?
  - Would you like to contribute to the online marketing of a growing, globally operating innovative organization?
  - Are you looking for an organization where you're not just a number, where colleagues support each other, and where you have the space to learn and grow?
- 
- **What will you do?**
  - You select our target audiences and link them to our campaigns, informing potential customers early in their customer journey about our unique market offering.
  - You optimize SEO and SEA, analyzing and adjusting them to improve our online visibility.
  - You ensure a clear website structure that allows visitors to easily find the information relevant to them.
  - You tailor our standard content to align with the customer's perspective and experiences.

**What do we offer?**

- An energetic, flexible working environment with opportunities for growth.
- Training budget and pension plan.
- Access to a laptop.
- A focus on employees and company outings.

**About MCXess**

MCXess has been a pioneer and leader in the telecom market since 2002. We are a fast-growing company providing customized solutions to both multinationals and SME clients in more than 150 countries. Our success is based on our 'customer intimacy' approach. With our innovative platform, we improve the accessibility, customer service, and direct marketing of our clients.

We highly value a positive work environment where employees feel appreciated, can grow, and where everyone feels valued.

Our slogan is '**Unbelievable! Everything is possible**'
